

GRACKLE WORKSPACE

Accessibility made clear, quick, and easy

Smarter Tools For A More Inclusive World

Creating inclusive documents shouldn't be complicated. Grackle Workspace revolutionizes accessibility checking inside Google Workspace, making it easy to identify and resolve issues that might create barriers to accessing your content. From missing alt text and heading structure to table tagging and artifacting, Grackle Workspace provides clear and actionable insights right where you work.

Key Features of Grackle Workspace Include:

- **Seamless Google Workspace integration:** Works directly inside Google Docs, Sheets and Slides. No need to switch tools.
- **One license, complete coverage:** Access add-ons with a single subscription.
- **Comprehensive accessibility checker:** Instantly identify specific accessibility errors with clear guidance on how to fix them.
- **Intuitive user-friendly interface:** Designed to be simple for beginners, yet powerful enough for accessibility experts.
- **Built-in best practices:** Learn accessibility principles as you go, with real-time explanations that help you create inclusive content.
- **Confidence in compliance:** Helps ensure your content aligns with PDF/UA accessibility standards.

Why Choose Grackle Workspace?

Grackle Workspace is built to ensure your exported documents, sheets, and slides reach **PDF/UA accessibility standards** without the guesswork. With an intuitive interface, it guides users step by step, flagging errors and offering practical fixes so you can confidently create accessible content each time.

Trusted by educators, businesses, and organizations worldwide, Grackle Workspace empowers teams to build truly inclusive digital experiences.

Join the organizations across the globe making PDF accessibility simple and effective.
